

## **The Chicago Children's Diabetes Center at La Rabida Expands to Offer Patients the Best of the Best**

On Sept. 1, three physicians from Children's Memorial Hospital joined the Chicago Children's Diabetes Center at La Rabida Children's Hospital. As Chicago's only certified pediatric diabetes program, the CCDC at La Rabida offers nearly 1,000 patients comprehensive diabetes care.

CCDC program highlights:

- Recognized by the American Diabetes Association as a premier provider for pediatric diabetes care
- Nationally recognized as a Center of Excellence for Use of Advanced Therapies in Pediatric Diabetes Treatment
- Type I and Type II diabetes experts, solely focused on pediatric medicine and research
- Interdisciplinary team of medical providers including board-certified pediatric endocrinologists, nurse practitioners, RNs, dietitians, psychologists, and social workers
- 24-hour emergency telephone consultation; a diabetes medical professional is accessible, around the clock, day-in and day-out.
- Cutting-edge laboratory techniques and facilities
- Physician education programs that keep you abreast of the latest research and patient care advances.

To schedule an interview with pediatric diabetes experts, please contact Zion Banks at 773.256.5955 or [zbanks@larabida.org](mailto:zbanks@larabida.org).
